Background

- Why is this data collected?
- Demographic and Performance Measures were defined by the MIECHV program.
 - MIECHV info: https://mchb.hrsa.gov/programs-impact/programs/home-visiting/maternal-infant-early-childhood-home-visiting-miechv-program
- All PA Family Support funding types collect data based on these definitions.
- Standardized data allows all programs to participate in data analysis.

Background

- How is the data used?
- State-level reporting requirements and analysis
- Agency-level data analysis and CQI projects
- Advocacy for Family Support in PA
 - Important to demonstrate how families are being impacted by the services.
- Upcoming: integration with other Early Childhood systems database
 - Ability to see long-term outcomes.
